

Change Notice

AT Accessories

Changes to AT4001, AT4002, AT4011 and AT4145 Dust Covers

Type of Change:

- Engineering Part Number
- Product Appearance

There will be revisions to the material used in the gaskets for AT4001, AT4002, AT4011 and AT4145 Dust Covers. The material is converting from High Density Polyethylene (HDPE) to Low Density Polyethylene (LDPE). The change will effect all four of the gaskets for standard or custom dust covers, but will not alter their quality or performance. The accessories below are identified with their standard part numbers as well as with the series in which they are used: LB, UB and UB2, for both illuminated and nonilluminated models in the series.

AT4001 Square Dust Cover For Series LB & UB	AT4002 Round Dust Cover For Series LB	AT4011 Rectangular Dust Cover For Series LB & UB	AT4145 Square Dust Cover For Series UB2
---	---	--	---

Gasket Material	
Before Change	After Change
High Density Polyethylene (HDPE)	Low Density Polyethylene (LDPE)

Notes

There are no changes to any of the dust covers' or gaskets' dimensions. Contact information is below if more details are needed.

Effective Date

Changes for the AT4001, AT4002, AT4011 and AT4145 Dust Covers will be effective May 2025. However, the date may be subject to change depending on inventory of the products.
